# Chief Executive Network & Aspiring Directors and Chief Executives Forum

Event hosted by your Key Local Government partners in the Region to shape and develop a strong network for Chief Executives, Senior Managers and the leaders of the future.

**Date:** Friday 8th November 2024 : 10:30am to 3:30pm

**Venue:** The Studio, 7 Cannon St, Birmingham, England, B2 5EP

## Introduction

As key Local Government partners in the Region, collectively we are keen to shape and develop a strong network in the Region for Chief Executives, Senior Managers and the leaders of the future that will provide not only peer support but a safe space to discuss confidential issues. As key partners with you, we recognise there is value in us doing that together, to create a network supported directly by Solace and the LGA, which is a format that is successful in other Regions.

The day will be split into two halves.

**Morning - 10:15-12:30**

### Aspiring Directors and Chief Executives Forum

**Open to all Senior Officers looking to progress their career in the sector**

The session will be led by Solace and guest speakers, focusing on the importance of the 'Golden Triangle' of statutory officers, what learning and important lessons can be shared.

**Lunchtime - 12:30-13:30**

From midday, we invite all colleagues to join us for a light networking lunch enabling you to expand your professional network and forge new relationships with like-minded individuals who share your passion for public service.

**Afternoon - 13:30-15:30**

### Chief Executive Network (closed session)

**Open to all Senior Officers looking to progress their career in the sector**

The day will finish with an exclusive closed Chief Executive session and facilitated discussions will take place with Joanna Killian of the LGA. This is a unique opportunity for top executives to engage in discussions, share insights and collaborate on key issues facing the sector.

*Colleagues from Solace, LGA and West Midlands Employers will all be attending to support and facilitate discussions*

We hope this Chief Executives Network for all 33 Councils in the Region is welcomed and alongside this we are building in an opportunity to contribute to the development of the next generation of Senior Leaders.

Please confirm your attendance by booking here.
